Monroe Tractor's Wirtgen Product Training
Cold Milling Machine Operation – W120 Series

Registration: Fill in the number attending and the billing information and reply to **training@monroetractor.com**

Course date(s): March 1-2, 2016

Location: Monroe Tractor 1001 Lehigh Station Rd Henrietta NY

*****Number of people attending:** $250 per person (fill in box) ☐

Purpose of this course:
Course is machine-specific and includes all milling machines equipped with the LevelPro grade control system.

This course covers how to operate and work safely around a cold milling machine. You will learn factory recommended best practices for machine operation and for performing daily and scheduled maintenance. After completing this course, you will be better prepared to operate a Wirtgen cold milling machine according to manufacturer's recommendations.

Objectives:
Upon completion of this course, you will be able to:

1. Follow safe work practices on and around a milling machine.
2. Locate information in the Wirtgen Instruction Manual for correct operation and upkeep of the machine.
3. Identify other machine documentation and safety equipment provided with the machine.
4. Calibrate and set up components / systems on the machine using the Wirtgen diagnostics display.
5. Operate and adjust the LevelPro grade control system.
6. Drum maintenance and milling bit selection.
7. Trouble shoot machine using machine display.

Who should attend:
- Milling machine operators and ground crews.
- Milling foreman.
- Technicians wanting operational knowledge of cold milling machines.

Hours:
8:00am - 4:00pm
Both days

Clothing requirements:
Clothing appropriate for on or around machines in a shop environment and outdoors.

Course fee $250 includes:
Course materials (books, handouts, PDF's) lunch.
